PROJECTS

Slough Islamic Trust (February 2021 - May 2021)
<https://www.sloughislamictrust.org.uk/>

It's Trust Website where Islamic calendar, News, Charity, Blogs, could manage
dynamically from Backend. I created Backend of this project in core PHP, with
JQuery.

The Zara Co (May 2021 - July 2021)
<https://www.thezara.co.uk/>

This is online Beauty Parlour, where client can query, book, get meeting time,
news as well. I worked on it as a backend developer and make data dynamic.

Minhaj Digital (August 2021 - Present)
<https://mdevr.bftechlab.net/>

This Project is like Search Engine for Islamic content, where user can search
Islamic query from frontend website and website give result from Quran, Hadith,
Books, etc I am handling Web and Backend API's of this project, Web site is
designed in React. meanwhile API's are developed in cURL PHP
